

## 112 kidsfilm

Here's a little story about a kid called Freddy  
One day a bad thing happened, but he was ready  
He was chillin' in his pad when he heard this strange sound  
And when he went to look he found his mom on the ground

Now Freddy could see that mom was not okay.  
But did he panic, flip or freak out? NO WAY.  
He saved his mom's life 'cause he knew what to do,  
He just picked up a phone and dialed 112.
